### Poster Notes

This abandoned shoe was found next to a downtown Vancouver dumpster on a dreary, rainy day. It was surrounded by discarded clothes, empty bottles and inedible food. A filthy mattress lay nearby, propped against the side of a building. The pervasive stench was overwhelming, yet people lived there. This was their home, and someone was missing a shoe. Who filled that shoe? Sometimes in order to discover the perspective of others means to walk a mile or two in their shoes.
