

Kindergarten Poster Image

Poster Notes

Taken from Hannah Taylor's children's book, **Ruby's Hope**, the image of the homeless bug evokes feelings experienced by many who live on the streets and are in need of help. **Ruby's Hope** is Hannah's re-creation of the events, emotions and, ultimately, the hope that inspires her to continue to "makeChange." To learn more, read **Ruby's Hope** to your class or watch the animated version with your students.
